

10mm+1.52mm+10mm SGP Laminated Glass Factory China

21.52mm SGP Tempered Laminated Glass, 10+1.52mm+10mm SGP Toughened Laminated glass, which is a kind of safety glass, made by 2pcs of top quality [10mm tempered glass](#) bonded together with 1.52mm SGP interlayer. With high clarity and security, widely used for hurricane resistant windows and doors, bomb blast resistant windows, door and facades.

The features of 10mm+10mm SGP toughened laminated glass

1. Glass composition: 10mm tempered glass+1.52mm SGP interlayer+10mm tempered glass
2. Glass size: the max size can be reached up to 3300*12000mm, min size 300*300mm. any customized size can be made to meet customer's requested.
3. Glass type: 10mm clear tempered glass, [10mm ultra clear tempered glass](#), 10mm color tempered glass, [10mm acid etched tempered glass](#), etc.

Advantages of 10+1.52+10mm hurricane proof laminated glass

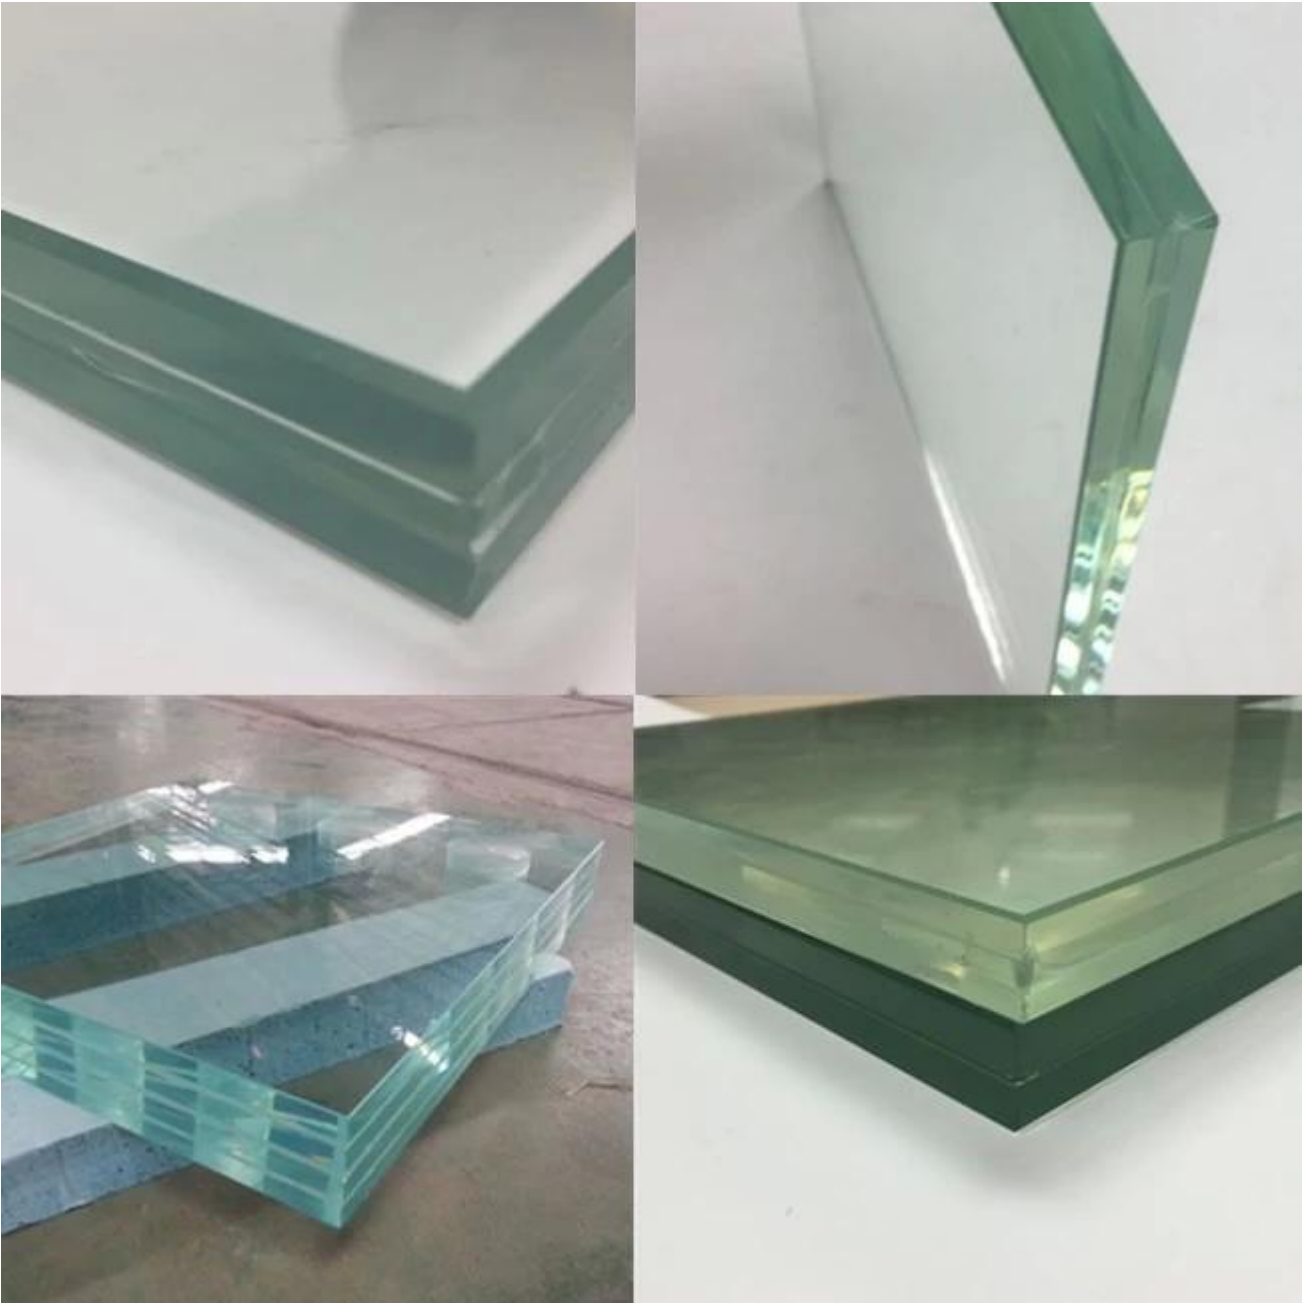

1. Extremely high security: SGP Laminated glass withstands penetration from the impact, Even if the glass cracks, splinters will adhere to the SGP interlayer film and not scatter. 21.52mm SGP Laminated glass compare with 21.52mm PVB laminated glass, the former more flexible, more suitable used as hurricane glass.
2. Energy-saving building materials: laminated glass impedes the transmission of solar heat and reduces cooling loads. When the color tempered glass used as the glass materials, the effect will be more obviously.
3. Sound control: The SGP interlayer with an effective absorber of sound.
4. Resistance to UV light: filters out ultraviolet rays and prevents the furniture and curtains from fading effect.
5. High precise flatness, easy for install, clean and maintain.
6. Passed CE certified. CE certified NO.: NB0336

The applications of 10+1.52+10mm hurricane proof laminated glass:

Due to it is one of the most safety glass, widely used for high-rise place, people safety place, included:

1. Hurricane resistant windows, doors and skylight
 2. Bomb blast resistant windows, doors and facades
 3. Minimally supported and open-edged railings, facades and canopies
- Many others.
