

China Factory 10mm Euro Bronze Tinted Float Glass Price

Temperable 10mm Bronze Tinted Glass

10mm bronze tinted glass is produced by processing the [10mm clear float glass](#) with the addition of small quantities of metal oxides to mix. It's high quality Grade A glass, no bubble, no scratch, no defects, high light transmission, perfect to make as bronze tempered glass, bronze [laminated glass](#), bronze insulated glass, [mirrors](#), etc.

The advantages of Bronze Tinted Glass

1. Solar control - reduction of the sun's direct heat energy through the glass;
2. Permanent colour - Also called a body tinted glass as the tint is an integral part of the glass. The colour cannot be removed;
3. Reducing cooling energy costs;
4. Reducing glare;
5. Low external reflectance;
6. Adding value to property;
7. Improving privacy during daytime.
