

17.52mm decoration gradient color printed safety toughen laminated glass railings

Features of 17.52mm colored balustrade laminated glass from JIMY Glass

Color:

Glass balustrade has the transparency glass or beauty colorful silk screen printed glass, or multi-color digital printing glass, [Clear or super clear transparency glass](#) will have clear view wherever you look. [Silk screen tempered laminated glass](#) usually offers simple color.

Digital printing safety glass balcony could be with more complicated pattern as your design, such like pattern with several colors and gradient color. The decoration performance will be better than the silk screen glass. To have the better surface of the glass railings, most customer will prefer the basic glass with low iron glass for digital printing,

Type of glass:

Frame-less or frame glass balustrade with laminated glass is perfect choice if you prefer to the safety and security barrier. The glass will be not falling down even it is broken. Both PVB and SGP film will be suitable for glass railings. SGP performs stronger and more security.

Shape and size:

We could produce the tempered laminated glass for balcony with flat and curved shape.

8+8mm flat tempered laminated glass, the max size we could produce is 3300*6000mm.

8+8mm curved tempered laminated glass, the minimum radius could be 800mm, the maximum arc length could be 1650mm, the height could be 2440mm

Specifications:

Bespoke balcony glass could be produced as your design/drawing.

The thickness, size and if any holes or cuts needed for installation, we could manufacture the glass as per your requirements to make sure the glass are perfect installed in your site.

For the color printing, we could print any color or pattern as the Pantone color number.

Our advantage:

With more than 26 years experience for building glass production, we have highly effective equipment for glass cutting, edge grinding, tempering, laminating etc. Also professional workers always try our best to finish every order with high quality and good packing.
