

8mm clear round toughened glass panels, heat resistant tempered glass, toughened glass for round table.

Toughened glass is a kind of security glass and is also called strengthened glass. Toughened glass is through heat treatment and then cooling it down quickly by air. This process will improve its strength and resistance to impact.

Toughened glass has many applications, It can be used alone, such as for window, safety glass door, safety glass rail, safety glass balustrade, handrail glass, glass wall, glass table and glass top and so on.

Advantage of clear toughened glass

Security: When the glass is external damage, debris will become very small obtuse angle grains and difficult to cause harm to humans.

High strength: the impact strength of tempered glass of the same thickness is 3 to 5 times more than the ordinary glass, bending strength 3-5 times.

Thermal stability: Tempered glass has good thermal stability, can withstand the temperature is more than 3 times that of ordinary glass, can withstand 200 ° C temperature changes.

Comparison to toughened glass and annealed glass

Comparison

Tempered Glass

4 times harder than annealed

Annealed Glass

not hardened

Tempered Glass

Breaks into small harmless pieces

Annealed Glass

Breaks into sharp pieces

Tempered Glass

Qualifies as safety glazing

Annealed Glass

can cause significant injury

Why to choose our tempered glass supplier?

Jimy glass have tempered glass product line reach a length of 4.5m, it can product 2000SQM per Day. jiming have 2 tempered glass product line for 6m, the product line for one flat curved tempered glass, it can product 6000SQM per day, 100% punctual delivery of customer works smoothly.

Specification:

Glass name: 8mm round toughened glass table

Glass type: tempered glass, toughened glass, tinted glass

Maximum size: 3300 * 13000mm, Minimum size: 150 * 300mm
Thickness: 3mm 4mm 5mm 6mm 8mm 10mm 12mm 15mm 19mm
Color: clear, ultra clear, green, blue, gray, bronze, etc.
Supply Ability: 8000 Square Meter / Square Meters per Day

Application for window, safety glass door, Safety glass balustrade, handrail glass, glass wall, glass table.
