

China 4mm Nashiji Patterned Glass Factory Price

About Nashiji Patterned Glass

Clear Nashiji patterned glass, also call nashiji figured glass, nashiji rolled glass, nashiji embossed glass, is a kind of decorative translucent flat glass with embossed patterns on one or both surfaces. With the special property of decoration, nashiji glass can fully allow the light transmit, but limit or prevent clear vision effectively.

Patterned Glass Characteristic

- Tangible stereoscopic patterns will never fade
- Provide unique obscure decorative results
- Permit light transmit but limit clear vision, protect personal privacy
- Can be cut to size, drilled holes, cut notches, tempered, laminated, etc.

Nashiji Patterned Glass Specification

The available standard size of 4mm clear Nashiji patterned glass is 1500x1870mm, 1600x1870mm, 1650x1870mm, 1830x2440mm, 1830x2134mm, etc.

Nashiji Patterned Glass Application

The 4mm nashiji pattern glass most often cut to size use as louver glass, window and door glass directly, or make decorative tempered glass or laminated glass to use as glass partitions, glass walls, shower screens, etc.
