

Good price 6+12a+6mm argon insulating glass units

6+12a+6mm grey tempered insulated curved glass, it is made by 1pcs of 6mm grey tempered curved glass with 1pcs of 6mm clear tempered curved glass sealed around the edges with an 12A air spacer between, to form a single unit. 6+12a+6mm argon insulating glass, 6+12a+6mm insulated curved glass unit, 1/4" clear glass+1/2" argon spacer+1/4" grey double glazing unit, which is the most effective way to reduce air to air heat transfer through the glazing, widely used for window, door and curtain wall.

The features of 6+12a+6mm insulated curved glass

Glass Composition	6mm clear tempered glass+12a argon space+6mm grey tempered glass, 1/4" clear toughened glass+12a argon spacer+1/4" grey toughened glass
Glass size	max size 2440x6000mm, any customized size can meet your requested.
Glass shape	Curved insulated glass (bent double glazing units), others we can do flat insulated glass, irregular shape insulated glass.
Aluminum spacer	12A, others available in 6a/9a/15a, etc. we also can do 6+9a+6mm curved insulated glass, 6+15a+6mm bent insulating glass panel, etc
Glass Color	6+12a+6mm grey tempered insulated glass, others we can do clear insulated glass, bronze insulated glass, green double glazing glass, blue insulating glass, color printed tempered insulated glass, etc
Glass type	except for tinted tempered insulated glass, we also can do low e insulated glass, clear insulated glass, color reflective insulating glass, etc.
Applications	Due to the energy efficiency, widely used for window, door, and curtain wall. the place where is air-condition required.

The advantages of 24mm grey tempered insulated glass

- Sound insulation: it can help reduce it from 80dB to 4dB.
- Heatproof: $\pm 50^{\circ}\text{C}$ have no fog.
- Control solar energy radiation effectively, block far infrared radiation, save expenses of air conditioners in summer, save heating expenses in winter, have good effect of heat preservation and energy saving.
- Grey tinted tempered insulated curved glass, thermal control and increased aesthetics.

What kind of insulated glass you can get it from JimyGlass?
