China High Quality Decorative Fabric Laminated Glass For Indoor Decoration

Fabric Laminated Glass also called art laminated glass, it is composed of two or more layers of glass which are bonded together with an interlayer using heat and pressure. As well as PVB or EVA interlayer, other materials such as colored interlayers, fabrics and metal meshes can be included for a myriad of possibilities. Fabric laminates give you the opportunity to capture a variety of rich fabrics between protective glass layers, you can capture the color and texture of the fabric with the strength & simplicity of glass. Often use in interior decoration.

Holes and Edge	As your requirements
Application	Glass partition walls, shower screens, cabinet doors, hotel lobby, other places need to decorate
Packing	Strong export plywood crates to make sure safety delivery
Delivery time	7-15 working days after order is confirmed

Features

1.It is a type of safety glass that holds together when shattered, the interlayer keeps the fragments of glass still connect with each other and not fall down when broken, no harm to person. 2. It's wide range of patterns makes it highly suitable for decorative applications. 3.High adhesion, impact resistance, good durability and stronger sound insulation. 4.Can resist high temperature, moisture, ultraviolet, etc.

Easy to clean

The door of the majority family's door is made from ground glass, which can accumulate lampblack or dusty and hard to get clean. But wired glass can avoid this.

High safety

If the wired glass is broken, the fragments and sharp pieces are still sticking together with the middle membrane. It can effectively prevent the debris from being scattered and cause greater safety risks.

Sound insulation

Wire mesh glass can block sound waves, keeping quiet and comfortable surroundings.

Safeguard

Its unique function is to filter ultraviolet rays, protect people's skin health, and maintain the color of valuable furniture or exhibits.

FAQ

Q1: What is your product sales policy?

A: We support small quantities, mixed batch, OEM customization and customized Logo&Brand. Thank you.

Q2: What's your lead time?

A: Normally, small quantities 7-15 working days after order is confirmed, but customized items should be further discussed. Thank you.

Q3: What kinds of technics do you have?

A: We have different kinds of technics to make Glass including Handmade, Machine blown and Machine pressed. As well various Post-processing and Deep Glass Surface Processing. Thank you.

Q4: What is your after-sales service?

A: As the glass is fragile, in order to prevent malicious return, if there is any damage, please be sure to contact us within 12 hours of receiving the goods, and provide photos. If it is true, we will send it to you for free in the next order. Please rest assured to purchase.

Q5: How could I get the price?

A: We usually quote within 24 hours after we get your inquiry (Except weekend and holidays). If you are very urgent to get the price, please email us or contact us in other ways (For example: Whatsapp) so that we can offer you a quote quickly.

Q6: Could I buy samples placing orders?

A: Yes. Please feel free to contact us.

Q7: How do you make our business long-term and good relationship?

A1: We keep good quality and competitive price to ensure our customers benefit.

A2: We respect every customer as our friend and we sincerely do business and make friends with them, no matter where they come from.
