

Bulletproof glass 8+8+8mm safety tempered laminated glass

Shenzhen suppliers 8+8+8mm laminated bulletproof glass, 8+8+8mm laminated bullet-resistant glass, 8+8+8mm three layers tempered laminated bullet proof glass, which is made by three layers of Grade A [8mm clear tempered glass](#) with multi-layers of PVB or SGP. It is one of the most safety glass, widely used for floor, staircase and door.

The features of 8+8+8mm safety tempered laminated glass

1. Glass composition:

- 8mm clear tempered glass +1.14mm PVB+8mm clear tempered glass+1.14mm PVB+8mm clear tempered glass

- 8mm clear tempered glass +1.52mm PVB+8mm clear tempered glass+1.52mm PVB+8mm transparency toughened glass

- 8mm hardened glass+ 1.52mm SGP+8mm hardened glass+1.52mm SGP+8mm hardened glass

2. Glass color: 8mm clear tempered glass, 8mm ultra clear tempered glass, [8mm acid etched tempered glass](#), 8mm silkscreen tempered glass, etc.

3. Glass size: max size reached up to 3300*8000mm, or any customized size.

4. Special processing: polished edge, bevel edge, ogee edge, drill holes, logo printing, etc.

Advantages of 8+8+8mm safety tempered laminated bulletproof glass

1. Safety: When it is broken by outside force, the glass still sticks to the PVB interlayer. One of the most safety glass.

2. Soundproof glass. Sound wave can be obviously weakened when it goes through laminated glass, so that noise disturbance in office or living environment is reduced.

3. Anti-UV: laminated glass can effectively prevent UV (as high as more than 99% of UV) which can protect the valuable furniture, exhibit and artwork, etc.

4. High persistent and strong cohesion enable the fragments remain in place, suitable for hurricane and earthquake zone.

5. 8+8+8mm tempered laminated glass perfect to be made in anti-bullet glass, anti-bombing glass and anti-explosion glass.

The applications of 8+8+8mm triple bulletproof glass

8+8+8mm three layers tempered laminated bulletproof glass, high security and strongest, most popular to used to some places which require safe protection, such as [glass floor](#), glass staircase, bank office door, jewelry store wall, prison door, etc.
