

Tempered laminated glass and toughened glass for partition wall with CE certification

Glass walls and partitions balance visual openness and physical privacy in modern architectural design. Glass wall systems efficiently organize interior spaces and closed areas. With glass, you can get a clear vision of a space while still effectively controlling sound volume. There are framed and frameless glass wall styles. Glass partitions and walls create elegant and clean sightlines that are unmatched by other materials.

Why choose the toughened glass and laminated glass for partition walls?

1. Super strong and safety, human harmless
2. Long lasting, no-easy to damage
3. Easy to install and maintain
4. Easy to match special requirements like protect privacy, decorative, sound control, etc.
5. Easy to replace when the glass was broken accidentally

Why choose us to purchase the partition wall glass?

About Quality

1. All the float glass sheets we use to produce the partition wall glass is Grade A, to make sure the glass we supply is no bubbles, no defects, with super smooth surface, etc.;
2. We will control the precision very strictly, the tolerance for thickness is $\pm 0.2\text{mm}$, for size is $\pm 1\text{mm}$;
3. All our glass is pass the certificate of ISO, CE, SGS, etc, and we offer 10 years warranty;
4. There is cork or pearl wool between glass, which could make sure the glass won't scratch;
5. All the glass is packed in strong export plywood crate to avoid any broken during transportation;
6. We have independent quality inspection department, all the glass will be inspected in every production process, to make sure all the glass we ship out won't have any quality problem.

About Service

1. Generally, the production time is 7-15 days after order is confirmed, if very urgent, we could do our best to finish it for you within 7 days;
2. We have long-term business relationship with so many shipping companies like MSK/NYK/COSCO, could help you get lowest freight cost with fastest shipping time;
3. No matter which term (FOB/CNF/CIF/DDU/DDP) we do, we will do the insurance and certificate of origin for you freely;
4. We will refund the payment or replace the glass for you in the fastest way if there is any broken or quality problem accidentally;
5. We have professional one-stop service team, could fulfill your any requirements.
