High quality 5mm clear Mistlite pattern glass China factory

Patterned glass calls Figured glass, an annular knurl glass, rolled glass, embossed glass, is a kind of decorative translucent flat glass with embossed patterns on one or both surfaces. With the special property of decoration, patterned glass can fully allow the light to pass through and on the other hand, can limit or prevent clear view effectively.

Matters need attention of the Mistlite Patterned glass
From the figured surface can be divided into single-sided pattern glass and double-sided pattern glass. Single-sided embossed glass with translucent and non-perspective features and with privacy, as the shower room, bathroom windows and doors should be noted that put the pattern face to the outside,to prevent the surface soaking to perspective.

Mistlite embossed glass Characteristic
• Rich and colorful pattern designs provide unique decorative results: or obscure and quiet, or sparkling and lively, or serious and elegant, or bold and generous…
• Tangible stereoscopic patterns will never fade.
• Permit light transmits diffusely, but limit clear vision effectively
• Can be cut, drilled, tempered, laminated, insulated, etc.
